

## **REMARKS**

Claims 1-8 are currently pending in the application, and claims 1-8 stand rejected. Claims 1, 3-4, and 6-8 are amended. No new matter has been added by way of this amendment. Based on the above amendments and the arguments below, the Applicant submits all claims are now in condition for allowance.

### **I. CONTENT OF THE SPECIFICATION**

The Examiner has objected to the content of the specification. The Applicant notes a preliminary amendment and substitute specification was submitted on May 11, 2005. The substitute specification properly lists the title of the invention and each of the section headings as required. Based on prior submission of the substitute specification, the Applicant respectfully requests the objection be withdrawn.

### **II. CLAIM REJECTIONS UNDER 35 U.S.C. §112**

The Examiner has rejected the claims as generally narrative and indefinite. As noted above, a preliminary amendment was filed to correct grammatical and idiomatic errors. To the extent that any grammatical and idiomatic errors still exist, the Applicant has corrected these errors in accordance with the Examiner's recommendations. Thus, the Applicant respectfully requests the rejection under 35 U.S.C. §112, second paragraph be withdrawn.

### **III. CLAIM OBJECTIONS**

The Examiner has objected to grammatical and idiomatic errors in the claims. The Applicant has amended claims 1, 3 and 6 in accordance with the Examiner's recommendations.

Claims 4, 7 and 8 are amended to clarify the invention. Support for the amendments can be found in the application as filed. The Applicant respectfully requests the objections to the claims be withdrawn.

**CONCLUSION**

In view of the foregoing, the Applicant respectfully submits that the instant application is in condition for allowance. Early and favorable action is earnestly solicited.

In the event there are any fees due and owing in connection with this matter, please charge same to our Deposit Account No. 11-0223.
